

GLOBAL LEADERS IN FOAM, RUBBER
AND ADHESIVE PRODUCTS

Pressure Sensitive Adhesives, Mounting and Foam Tapes

Zone Enterprises is a supplier of foam, rubber and adhesive products. With over 60 years of experience, our goal is to provide your company with exceptional **VALUE**, fantastic **SERVICE**, and in-depth industry **EXPERTISE**. Centrally located in the United States, we procure, process and ship high quality materials from our 130,000 sq. ft. Saint Louis facility. Thank you for your interest in our company. We hope to serve you soon!

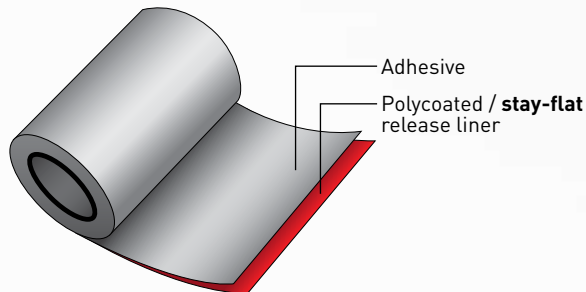

VALUE —————> **Global Sourcing • Customer Rebates • Freight Allowances**

SERVICE —————> **Interactive Software • Personal Sales Engineer • Customer Service Team**

EXPERTISE —————> **Product Selection • Product Quality • Advanced Processing Equipment**

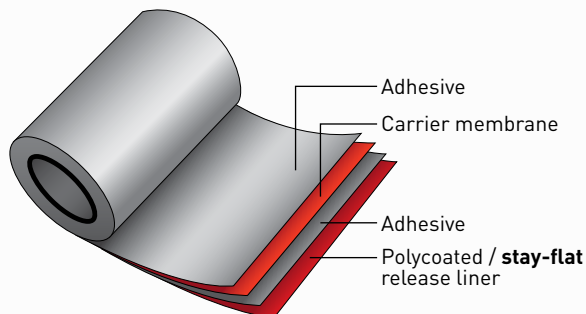

Unsupported or Single-Coated PSA

This construction consists of two component layers

Supported or Double-Coated PSA

This construction consists of four component layers

Pressure Sensitive Adhesives (PSAs) are the backbone to many applications. Choose the wrong PSA and you risk failure. Zone Enterprises offers several formulations and options to satisfy your application requirement.

We stock solvent acrylic PSAs, which are used in high performance environments, as well as hot melt rubber PSAs, which perform well in moderate conditions. Our PSAs are available in supported and unsupported formats. PET or tissue supported adhesives add dimensional stability to your substrate while unsupported PSA conforms well to irregular surfaces. All Zone Enterprises PSAs come standard with a moisture-proof, **stay-flat** release liner.

Additionally, Zone Enterprises carries a line of mounting and foam tapes that exhibit exceptional "holding power" and can satisfy a broad range of application needs.

Call your Zone Enterprises Sales Engineer today for consultation, samples and pricing.

Product Reference Guide

Solvent Acrylic PSA					
Product No.	Release Liner	Carrier	Adhesive Coat Thickness	Available Width	Acrylic PSA Properties
APC4280	80# Paper	PET	4.2 mils	Up to 54"	<ul style="list-style-type: none"> • Stay-Flat Liner • UV Resistant • Solvent and Chemical Resistant • Humidity Resistant • Improved Aging Performance • Cost Effective
ATC4180	80# Paper	Tissue	4.1 mils	Up to 54"	
ATS6160	60# Paper	Tissue	6.1 mils	Up to 48"	
AUC2080	80# Paper	Unsupported	2.0 mils	Up to 40"	
AUC5080	80# Paper	Unsupported	5.0 mils	Up to 40"	

Hot Melt Rubber PSA					
Product No.	Release Liner	Carrier	Adhesive Coat Thickness	Available Width	Rubber PSA Properties
RPC3880	80# Paper	PET	3.8 mils	Up to 40"	<ul style="list-style-type: none"> • Stay-Flat Liner • High Initial Adhesion • Quick Stick Properties • Humidity Resistant • Cost Effective
RTC3880	60# Paper	Tissue	3.8 mils	Up to 40"	

Mounting and Foam Tapes					
Product No.	Release Liner	Carrier	Adhesive Coating	Application	Benefits
QEG426	Plastic	PE Foam	Double-sided	Glazing Tape	High Peel
QEI426	Plastic	PE Foam	Double-sided	Sign Mounting	Conformable
QM4026	Plastic	Acrylic Foam	Double-sided	Trailers/Cargo	High Shear Mounting
QM4526	Plastic	Acrylic Foam	Double-sided	Trailers	High Shear Mounting
FDP4040	Plastic	PE Foam	Double-sided	Trailers, General Purpose	High Tack, Cost Effective
FSN4102	60# Paper	Nitrile Foam	Single-sided	Pipewrap, General Purpose	Cost Effective
FSP2002	60# Paper	PE Foam	Single-sided	Pipewrap, General Purpose	Cost Effective
CSV0230	60# Paper	Cork Tape	Single-sided	Cork Tape, General Purpose	Cost Effective
